Chairperson's message

Mrs. Manpreet Kaur Bhogal
Chairperson
REC, Satnampura, Phagwara

Since the inception of REC in 1929, it has been our constant endeavor to impart quality education and provide holistic development to our students. REC's primary focus is to continuously fine tune our education delivery systems and internal processes to accord with the needs and challenges of the contemporary world. Apart from imparting relevant domain of knowledge and building competencies necessary for effective functioning anywhere in the world, we also make conscious efforts to improve the sensitivity of our students with different ethos, value systems and cultural milieu which they may experience in the course of their careers. Coming to our campus, it provides a rich, throbbing and exciting social and cultural life with enabling

culture that promotes interest of the students in technology and innovations. All groups of colleges have institutional arrangements that are not only being responsible for new innovations in technologies, but also in tune with the contemporary industrial culture and economic environments by generation of professionals in every field.

I am confident that those who choose to be a part of our clan as a student will experience a new era of life.

Director's message

Engineers and Business Professionals must develop attributes and knowledge beyond traditional constraints of the classroom. We embrace diversity and global perspectives in different fields of education. Our goal is to articulate the role of education in the early part of the 21st century and to establish design specifications that will enable the REC, Phagwara to be a leader in shaping the future of education. We strive for holistic excellence in education to inspire the aspirations of young generation. REC accords a hearty welcome to all the young contenders who wish to join us for a unique experience and a better future.

I wish a grand success to all of you for your endeavor in higher education at REC.

RIMAS *Principal's* *message*

I feel honoured and privileged to be part of an educational institution where every day is an opportunity to learn and discover.

"Education is not the learning of facts but the training of the mind to think."

Here in world of Rimasians education means all round development of a student. We encourage and nurture to channelize the potential of the students for excellence. There is the combination of strong academic and extra-curricular activity participation of the students. Our students have excelled in both fields, Academics and Sports. The institute is committed to equip young students with most updated knowledge and skills for fostering business tycoons, genteel hoteliers, imaginative fashionistas, mathematicians, techies and beauty aestheticians.

Our Students will have memorable experience of balanced campus life in the periphery of spacious and lush green environment.

I wish all the best and God bless
